What is Spiral Living Center?

Spiral Living Center is a 501(c)(3) non-profit organization that has served the Illinois Valley of Southern Oregon since 2006. Our mission is to promote sustainable living skills by offering resources for our community to become more self-sufficient.

What is Earth Scouts?

The Earth Scouts! program, inspired by our late Board Member, Scout, provides a safe outdoor educational experience specifically for teens and adults to heal from isolation and industrial culture. Through deepening relationships with themselves, each other, and the living earth, participants will build self-confidence and trust in themselves and peers as they develop outdoor and rural living skills that they can depend on in uncertain times. Scout embodied what a community needed, and her compassion, humanity, and wilderness experiences are the driving forces of this program.

Who was Scout?

Scout was a spirited musician, visionary artist, earth activist, & permaculture farmer with a passion for social change, community sustainability, and empowering others. The world was her home, trips across the US along with the diversity of her childhood community gave her an extraordinary ability to connect with people of all walks of life. Scout learned plant medicine, hide tanning, and other homesteading skills during her internship with Spiral Living Center. Scout designed hugulkultur garden beds, experimented with mushroom log cultivation and mycoremediation, planted an orchard, made herbal remedies, cared for goats, chickens, ducks, and rabbits, and taught workshops at Frog Farm Skillshare. Scout died in a tragic accident in July 2019 at the age of 26. According to her wishes, she was given a natural burial in Takilma, surrounded by family and friends from near and far. She is deeply missed by the Spiral Living Community and all who knew and loved her.
